Why should you work with an REC Audited Education agency?

REC Audited Education builds on the previous Quality Mark scheme managed by the REC on behalf of the Department for Education for more than ten years.

REC Audited Education provides schools with a recognised kite mark when selecting an agency to work with.

Agencies displaying the REC Audited Education logo have been independently verified by the REC.

It demonstrates their commitment to best practice and compliance with legislation. Schools can be confident they are using an accredited supplier that is accountable to a professional body.

What checks should an agency carry out?

- Enhanced DBS
- Barred List check
- Prohibited list
- Rehabilitation of the Offenders Act Declaration
- Permission to work
- Medical declaration
- Qualifications
- x2 references
- Face-to-face interview
